

Movie Booking Policy

Purpose

This document defines the basic rules used by the movie ticket booking application.

Booking Information

- Customer name, email and phone number are captured.
- The customer selects a movie, theatre, show date, show time and number of tickets.
- A booking case represents one movie ticket booking request.

Availability Rule

The booking can continue only when the available seats are greater than or equal to the number of requested tickets.

Booking Status

- Requested
- Confirmed
- Cancelled

Confirmation

The customer reviews the booking details before choosing Confirm or Cancel. A confirmed request proceeds to ticket processing.
